

ANAS JAIDI

FULL STACK WEB DEVELOPER

Profile

I am a Web2, Web3 Full Stack developer with a background in computer systems algorithms, data structure and networking. My 3 years of IT experience gave me a solid foundation for web development and building complex solutions. Recently, I joined 42 network for a diploma of expert architect in digital computing. I'm passionate about coding and solving problems through code, and I'm excited to work alongside other great programmers and learn so much more!
